PROFILE

Full-stack developer with hands-on experience across React.js, Java, PHP/MySQL, and WordPress, progressing from Web Developer Intern to Department Director Intern within eight months by taking on team leadership and cross-project coordination. Comfortable working across the stack — from REST API integration and data visualization to UI implementation and QA — in fast-moving, cross-functional teams. Seeking a full-time or internship role as a web developer where I can combine technical execution with proven ability to lead and coordinate teams.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, PHP

Frontend: React.js, HTML, CSS, Recharts

Backend & Data: MySQL, REST API, FastAPI

Tools & Platforms: Git, GitHub, Trello, JIRA, WordPress, Java Swing

PROFESSIONAL EXPERIENCE

Department Director Intern | Resilience Inc. (Remote)

May 2026 – Aug 2026

- Managed and supervised all web development interns across active company projects, leading teams on two core organizational platforms (myselena.org and mylearningtools.org).
- Assigned tasks, tracked intern progress, and evaluated individual performance across multiple concurrent projects.
- Ran team meetings and coordinated cross-functional project activities, aligning intern teams with organizational priorities.
- Reviewed website functionality, UI alignment, design consistency, and QA testing prior to release.
- Provided technical guidance and workflow support to interns, and managed communication between the intern team and company leadership.
- Ensured timely delivery of development and testing tasks across all assigned projects.

Web Developer Intern | Resilience Inc. (Remote)

Jan 2026 – May 2026

- Built and enhanced website functionality within WordPress using scripting, authoring languages, and digital media tools.
- Collaborated with internal teams to align on design and content priorities for organizational web platforms.
- Performed website updates and content editing, and analyzed user feedback and technical requirements to improve site usability.

Web Developer Intern | Stypix, Ahmedabad, Gujarat (Remote)

Nov 2023 – Apr 2024

- Built and enhanced client-facing web pages using HTML, CSS, and JavaScript, translating design mockups into responsive layouts.
- Partnered with senior developers to improve UI/UX, incorporating feedback across iterative review cycles.
- Tested and debugged applications across multiple browsers, resolving cross-browser compatibility issues prior to release.

IELTS Tutor Intern | Sumeru Academy, Nadiad, Gujarat

Dec 2023 – Oct 2024

- Taught Writing and Speaking modules and evaluated full-length practice tests for students preparing for the IELTS exam.
- Designed custom worksheets, flashcards, and learning materials, and managed library operations and academic resources.

Micro-Internships | Excelerate (Remote)

2023 – 2024

- Project Management Intern — planned project timelines and coordinated cross-team tasks toward delivery milestones.
- Social Media Analyst & Innovation Intern — analyzed engagement metrics and contributed to ideation for market-driven solutions.

PROJECTS

Trend-Fx — Financial Data Dashboard / <i>React.js, FastAPI, Recharts</i>	2026
• Built frontend features and UI enhancements in React.js for a financial data visualization tool. • Integrated REST APIs with Recharts to render live, interactive data visualizations. • Managed sprint planning and task tracking in Trello, keeping documentation aligned with development progress.	
E-Learning Website / <i>PHP, MySQL, HTML, CSS</i>	2024
• Developed backend integration and content management features for a functioning e-learning platform. • Designed page layouts and collaborated with a developer team to improve site functionality and usability.	
Java Quiz Application / <i>Java, Swing</i>	2025
• Developed a desktop quiz application with login/registration, score tracking, and results display. • Designed an interactive Swing-based GUI to streamline the user experience.	
2D Java Game / <i>Java, Swing</i>	2025
• Built a 2D game with player movement, creature AI, and map interaction using object-oriented design. • Implemented collision handling and reusable component architecture to improve gameplay mechanics.	

EDUCATION

Master of Science in Computer Science / <i>St. Louis University</i>	Jan 2025 – Dec 2026
Bachelor of Computer Applications / <i>Parul University</i>	Mar 2021 – May 2024

CERTIFICATIONS

- Java Training, Spoken Tutorial – IIT Bombay (Jun 2023)
- Career Essentials: Getting Started with Your Professional Journey (Nov 2024)
